Subject: Sunnyside Meeting Next week

Martin and Suzanne – Just spoke with Nathan Longenecker and he would like to have some times next week for him and Greg Etter to meet with EPA concerning our letter. Greg is in Texas, and his schedule works best for a meeting here in Denver on Wednesday, Tuesday is next best and then the rest of the week is not as good. So can you two give me some times next week, preferably on Wednesday or Tuesday that we could schedule a meeting with Sunnyside. This meeting would be just on the letter and Nathan indicated Sunnyside would like it to be a small group meeting. So let's try to limit how many of us attends this meeting.

On the technical side and our comments on the workplans, he indicated that they were planning to start work on Monday and he asked if they should delay that start. I suggested that Sunnyside have its technical folks talk to EPA's tech folks before deciding whether to delay any work. So he is going to have his folks contact Dan Wall, Paula, and/or Liz to discuss whether a delay would be advisable.
